

Layout for the One Thousand Gifts journal cover decorations. This file is meant to be printed on an 8 1/2 x 11 size paper, for a journal that measures about half of that. Trace the squares and the eggs onto the paper side of fusible web, fuse to the back of the proper fabric, and cut out on the lines. This diagram also shows the approximate placement., but do what looks good to you!

Here is the order for adding them:

Stitch a line of decorative stitching first, where the brown lines are, but go all the way to the inside edge of the flap if you want.

Then fuse the squares on, and do a narrow zig zag stitch around the edges.

Fuse the eggs on top of those, and do the same narrow zig zag stitch around the edge of that. The egg diagrams are just clip art I found, if you want to add the shading with ink or stitching, go ahead!
